Why Proact

Wherever you are on your digitalisation journey, we can assist you in propelling your organisation forward through the power of data. We help you define the best IT-infrastructure and cloud strategy to meet your challenges today but also plan for tomorrow. You have the choice of whether you would like this to be on premises, as a private cloud, as a managed cloud, as a public cloud or as a combination of them all in a multicloud. Regardless of which environment you choose, you can trust that your solution will be designed and implemented around your specific requirements.

Next steps

1. Contact your **Proact Account Manager**
2. Your Proact Account Manager will **register you for the AMMP programme**
3. Proact will organise **third party meeting** to discuss your requirements
4. Proact will **outline a plan** for your requirements
5. We look forward to **working with you!**
